

Improve efficiency and spending by doing what you do best – then outsource the rest

PreTech

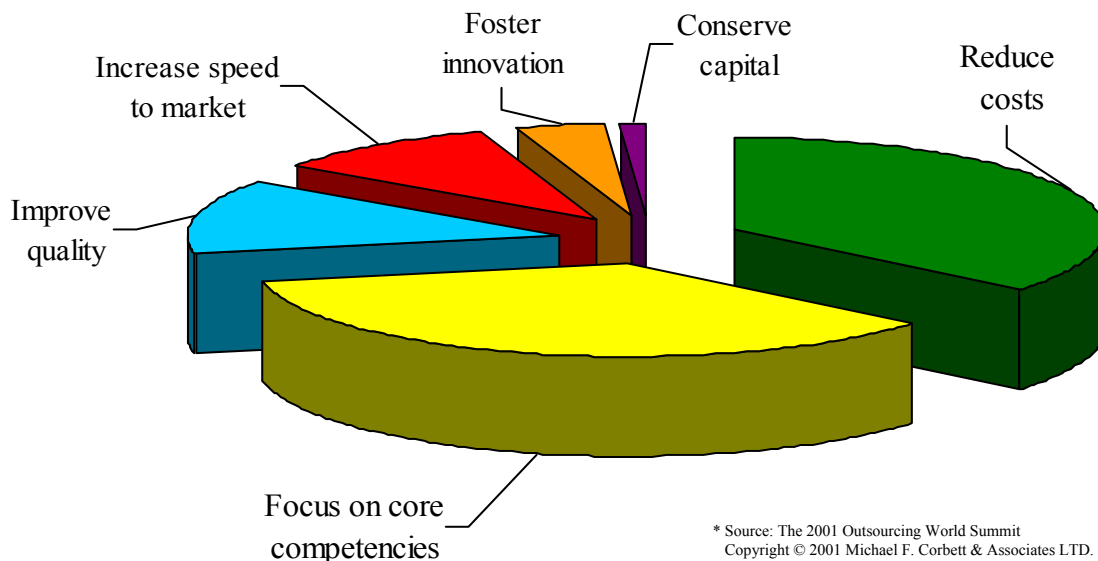

Top companies are now outsourcing key projects so they can focus their resources on what they do best. For over 15 years Pre Tech has been helping these companies save time and money. Some of the key reasons companies come to us is so they can focus on their core competencies, reduce their costs, improve quality, and increase speed to market.

Services provided by Pre Tech include:

- Marketing and sales consulting
- Manufacturing assembly work
- Project rework
- Packaging, labeling, and gluing
- And more
